## Steele Studio Metsker Block

I wish to call the public attention to the fact that since I came to Plymouth I have not only built up a good trade, giving people work that was commendable, but have had the honor of twice being able to carry off the silver reward of merit at the photographers' convention of the State of Indiana. My studio is equipped with the best of apparatus, and I am always up-to-date. When you want group, views, portraits, enlargements made, come where you get the most for your money.
